THE Oldsmobile DeLuxe Roadster has beauty and grace, complete and high quality appointments. It has a capacity for unusual passenger comfort and convenience. In it are combined acceleration, power, the great stamina of its Oldsmobile performance plus chassis, and durability. From the handsome, distinguished Oldsmobile radiator, the body lines are drawn boldly back, ending in the sweeping curve of the rear deck,

which gives no hint of the surprisingly commodious drop seat it contains. Black fenders and the sea-fog gray of the lower body blend happily with the ocean blue of the upper portion. The light tan clear vision top adds the final note to the pleasing harmony of color and design. The finish is genuine duPont Duco. A black moulding accentuates the smart lines.
